RE: CVPCSD Storage Reservoir Replacement

Attention: Donny Cook
Paso Robles Tank Project Manager
825 26th Street
Paso Robles, CA 93446

Subject: RSH Change Order Request # 03.2 – Tank #2 Area Piping Backfill

Mr Cook,

RSH Construction Services is hereby submitting our ***lump sum*** price for additive COR # 03.2 in the total amount of \$23,130.20 (TWENTY-THREE THOUSAND ONE HUNDRED THIRTY AND 20/100)

The subject request encompasses costs incurred due change of conditions at Tank #2 area site. Due to native soil that was to be originally used for backfill of pipe trenching in the Tank #2 area was found to be unsuitable, RSH had to import engineered fill in order to obtain proper backfill and compaction. As such, this represents a change of conditions due to subsurface physical conditions differing materially from that represented in the Contract Documents.

RSH Construction Services is hereby submitting this change order in accordance with 00700 Article 11 of the Contract Documents. As this work has already been completed, we request an immediate review and approval of this change order so RSH Construction Services can be compensated for the additional cost.

This Change Order Request proposal gives consideration only to the cost and schedule impacts directly attributable to the changes specifically addressed and included herein. RSH Construction Services hereby reserves our right to pursue the cost and schedule impacts to the project resulting from the cumulative effect of the changes specifically addressed herein in combination with other changes not specifically addressed herein, either preceding or succeeding the subject changes addressed herein.

Contact the undersigned if you have any questions or require additional information.

Respectfully Submitted,

Scott Murray
RSH Project Manager

cc: 41194 COR 03.2: Tim Uppena - RSH Construction, Travis Ginter - RSH Construction

RSH Construction Services Change Order Request Summary (COR)

CVPCSD
Reservoir Replacement Project
RSH 41194

Date: 13-Sep-21
COR #: 3.2
Description: Tank #2 Area Pipe Trench Backfill

Backfilling of Tank #2 area pipe trenching with imported engineered fill due to soil being unsuitable. Compaction requirements could not have been met at the time with native engineered fill, and it would have great affected the light duty asphalt paving.

Direct Costs - Additions

Labor	\$0.00
Materials	\$19,411.55
Subcontractors/Vendors	\$15,563.64
Equipment & Miscellaneous	\$0.00
Subtotal - Additions	\$34,975.19

Direct Costs - Deletions/Credits

Labor	\$0.00
Material	\$0.00
Subcontractors/Vendors	(\$11,844.99)
Equipment & Miscellaneous	\$0.00
Subtotal - Deletions/Credits	(\$11,844.99)

COR Grand Total

\$23,130.20

The above quoted amount covers only the presently ascertainable direct costs of the above referenced changes. It excludes costs associated with the impact to these changes upon the project schedule, labor productivity or other factors affecting the cost of performance. RSH Construction Services expressly reserves the right to claim any added costs and time extensions caused by this change alone or in conjunction with other changes.

A time extension is requested for this additional work:
