DECLARATION

1st Notice Reported of Sand Contaminant June 13th 2021: INVOICE Requested/Provided: Notice of Claims August 10th 2021

MEMORANDUM:

:Diane-louise:ALESSI^{©/™/TN} and Troy-john: ALESSI^{©/™/TN} hereinafter (Trustees): Herein claim credit and recovery for reimbursement to the DIANE L ALESSI TRUST[©] ESTATES CORPUS for debts incurred:

ADDITIONALLY,

for reimbursement to Trustees' Troy-john and Diane-louise: ALESSI^{©/™/TN} for lost time / labor and revenue losses:

WHEREAS additionally,

Trustees remedy for the remaining damaged items; which have not yet been replaced. Specific items were not currently available at the local Home Depot; at the time other procurements were being made, but are included with the replacement costs in this INVOICE:

PREAMBLE:

DAMAGES began shortly proceeding the Water Storage Tank #2 being brought into service. It is admitted that Paso Robles Tank, Inc. painting prep team failed in their responsibilities to remove the contaminant; resulting in their sandblasting-medium entering the CVPCSD's potable water distribution lines.

TRUSTEES hereby attest and affirm that there is irrefutable just cause for the aforementioned named Parties in this invoice and their associated entities to be held, separately or collectively liable for satisfying this claim as invoiced as what is deemed a justifiable equitable restitution:

ONE, Diane-louise:Alessi[©] TTEE, as does ONE, Troy-john:ALESSI[©] hereby attest and affirm, under penalty of perjury, whilst standing sui juris, are of the ages of majority, and are intellectually qualified to make this claim: the Affiants declarations and claims, are being presented in ONES own propria persona: as being the Ones who can attest to having first-hand knowledge of claimed damages.

ONE, Diane-louise, attests and affirms she can bare witness to the source of the contaminant, and the resulting damages caused throughout the plumbing fixtures, in and outside the property; located at the address location stated herein: Diane-louise also can hold to being qualified in further witness to the verbal admittance of culpability made by Gerry LaBudde: on more than one meeting at the Trust's property: (WITHOUT-PROTEST)

CLAIM OF EXTREME DISRUPTIONS

BE-IT-SETTLED that, trustees experienced 14 continuous days of damage to: the house plumbing fixtures, swamp cooler pump, valves, faucets, clogged supply lines, and all the outdoor landscaping conduits, plus 3 battery operated hose bib watering systems.

Direct loss of 14 days worth of time and labor spent in continual daily flushing mitigation and DIY repairs:

FURTHERMORE, both trustees share in the roll of full time care givers: of our 92 year old family member, *[whom suffers from Dementia]*; as one can imagine, this put a tremendous amount of extra strain on our daily routines and responsibilities:

LIMITATIONS: for alternative resolution: [attempts were made for procurement of Professional Services:] Despite reaching out to hire someone: (None of the 5 Professional Plumbers responded to voice messages: or in a timely enough fashion: leaving us no reasonable alternative, which forced both the Trustees to self engage DIY necessary repairs.

On this NOTE: Mr. LaBudde verbally expressed this problem to me, and he can attest to this being his experience as well.

SPECIAL NOTICE:

The offending contamination "the sandblasting" material has not yet been thoroughly resolved; hence as of the date of this INVOICE can not include costs of future damages that may not be immediately apparent, or ongoing.

BE-IT-SETTLED,

until the temporary bypassing filtration system Filter is no longer catching sand particles which would otherwise be entering the plumbing, and repeating faucet and line clogging and destroying valves and all the replaced equipment.

BE-IT-SETTLED,

This matter must remain in an open claim, whereby a full discharge of liability is not being granted with remittance of payment: Liability will stand as claimed, until the problem of the sand being collected is no longer visible: to the Trustee's 100% satisfaction it has been resolved.

We appreciate your cooperation, as we move through this problem:

Respectfully submitted,

Diane-louise:Alessi
